California Housing, least squares vs ridge (n = 100, 50 splits)
least squares (min-norm)
ridge, λ = 1
ridge, λ = 10
ridge, λ = 100
ridge, λ tuned by 5-fold CV
predict mean
test error (median, band = IQR)
number of random features d
‖w‖ (median, band = IQR)
number of random features d
